TURKISH KOLONYA

Olive Blossom Cologne

300 ML SPRAY

A light, floral kolonya after the olive blossom — the traditional Turkish welcome for guests, from the estate.

FROM THE PRUNING

Olive wood, worked by hand

Our 4,000 trees are pruned every year for their health, and no tree is cut for its wood. The prunings are worked by hand into bowls, vases and mortars, each shaped by its own grain, so no two pieces are alike. They are sold in small numbers in Türkiye and shown here for the estate — not as part of the trade offer.
